

# Engineering Summary Worksheet

Engineer's name \_\_\_\_\_ **Engineering Design Process**

**Problem:** What problem would you like to solve?

---

---

---

**Success criteria and constraints:** How will you know that your solution worked?

---

---

---

---

**Possible solutions:** Think of many different ways to solve your problem.

---

---

---

---

**Solution:** Draw and label a picture of the solution you chose.

A large, empty rectangular box with rounded corners, intended for drawing and labeling the chosen solution. The box is outlined with a thick black border and occupies the bottom half of the worksheet.

**Solution:** Explain why you chose this solution.

---

---

---

---

---

---

**Test:** Describe how you tested your solution and what happened in your test.

---

---

---

---

---

---

---

---

**Summary:** Did your solution work? Why do you think it worked or didn't work?

---

---

---

---

---
